What is School-Wide Positive Behavior Support?

Since 2008, Poinciana Elementary School's School-Wide Positive Behavior Support (PBS) program is a different way of handling discipline. PBS is...

- Proactive: Trying to prevent inappropriate behaviors by putting procedures in place and changing the environment if needed.
- Consistent: Teaching the students what we expect of them while on our campus as well as teaching the rules for specific settings such as the playground, cafeteria, hallways and bathrooms.
- Reinforcement Based: Giving students rewards when they meet or exceed our school's expectations and follow the school rules.

Working collaboratively with our district's iBelieve behavior expectation program, all students in grades Pre-K—5 are taught skills for social and academic success through Second Step, a developmental and sequential curriculum designed to promote school and life success and prevent problem behaviors.
