JOHN DICK

Bid No: ITB 2022027

Name of Bid: Refrigerant and HVAC Related Gases

Post Date: 12/9/2022

Notice Post Time: 12:00 p.m.

Q&A Response No: 2

Q1. We are a supplier of refrigerants, not a contractor. Does that prohibit us from quoting?

A1. No it does not, you can submit a response.

Q2. Could you confirm your yearly usage on the following requested refrigerants please?

- i. R134A – 30 pound cylinder **Less than 10 per year**
- ii. R404A – 24 pound cylinder **Less than 10 per year**
- iii. R410A – 25 pound cylinder. This is what is purchased most often. **Over 100 per year expected**

A2. See above in red. These are very rough estimates. Changes in coil designs have been causing more total system blowouts. We are still adapting to the new norm.

Q3. Please also confirm what a typical order would look like as well as approximately how many times an order would be placed per year,

A3. Orders can be to any of the ten school sites or three maintenance buildings. Most ship to the maintenance building, Marathon HS, or Coral Shores HS. We order as we need it and would likely order a pallet at a time. If there is a discount for ordering a special way, we would be interested in the offer.
