

MONROE COUNTY SCHOOLS POSITION DESCRIPTION

Title: Coordinator Of S T E M And Comprehensive Health

GENERAL DESCRIPTION

The essential function of the position within the organization is to provide professional leadership, consultation and support of the District's science, STEM, computer science and comprehensive health education teachers in assigned grade levels to ensure the provision of effective classroom instruction. The position is responsible for supporting teachers and administrators in meeting identified goals in science, computer science and health education programs, assisting schools in obtaining necessary classroom materials and other resources, assisting in the development and implementation of special programs and services as assigned, and performing related professional and administrative duties as required. This position is responsible for leading the STEM department in identifying and implementing opportunities to increase the quality of the district's STEM program and career pathways for students. The position develops and implements programs within organizational policies; reports major activities to executive level administrators through conferences and reports, administers associated budget and supervising support staff as assigned.

Primary Duties:

This list represents the essential tasks performed by the position. These essential job functions are not to be construed as a complete statement of all duties performed. Employees will be required to perform other duties as assigned.

Provides professional leadership, consultation and support of the District's science education teachers to help ensure the provision of effective classroom instruction and programming.

Reviews and makes recommendations for changes as appropriate in District policies and procedures related to the science education program.

Interprets the District's science education program and related policies to the general public.

Assists program specialists, teachers and school administrators in meeting identified goals in science instruction.

Ensures all science teachers are able to teach national and state standards-based lessons.

Attends and participates in Instructional Services, Curriculum and Instruction, District Technology Team and District Planning Team meetings.

Serves as consultant to science teachers and school administrators in the development and implementation of science curricula and special science programs, and in the evaluation and selection of teaching materials.

Shares effective instructional strategies with teachers both individually and through in-service workshops; co-teaches or visits teachers in schools to model lesson instruction; observes teachers in the classroom as scheduled and/or as requested by principals; makes recommendations for improvement in performance as appropriate; offers advice and assistance as needed; provides opportunities for teachers to obtain appropriate professional development through workshops and graduate courses; analyzes state and District science assessment data to help target professional development needs.
