Bid No: ITB 2017714
Name of Bid: Air Conditioning Replacement
Post Date: 3/15/2017
Notice Post Time: 10:30 AM

Q&A No.1

- 1) Is factory start-up included in the purchase of the equipment by the District OR is contractor responsible? **Contractor is responsible for factory start-up. Additional information on units provided by the district can be found at www.keysschools.com/rfp under ITB 2017704 Condensing Unit Catalog Bid.**
- 2) Is contractor to provide a 1 year warranty on the condensers that are supplied by the District **The units themselves are covered by manufacturer's warranty, however, the contractor must still warranty their work for 1 year. Additional information on units provided by the district can be found at www.keysschools.com/rfp under ITB 2017704 Condensing Unit Catalog Bid.**
- 3) Specifications say "Existing Disconnect may be reused"- this is vague and open for interpretation so each contractor may not bid the same scope. Please specify if new disconnects are required. **If existing disconnect is safe and functional it may be reused, if it is not safe and functional it must be replaced.**
- 4) Coral Shores High School--- confirm contractor is to Furnish and Install new hot water circulation pump for heat recovery on Unit 2-807. **Please see answer in Addendum No.1**
