Notice Post Time: 1:00 P.M.

Q&A No. 1

1. The above referenced ITB states the desired control systems for the District are Andover Continuum or Automated Logic. Our company provides control systems by KMC Controls. The KMC Control System is a comparable product capable of meeting the requirements outlined in the ITB. Do we need prior approval to submit a proposal based on a KMC control system? Or, should we just respond to the ITB for the district to consider the KMC control system.

Item 4 – Standards - sets a performance level. Each vendor in their proposal will need to indicate how they meet our proposal. No one is excluded all have to respond via their proposal.
