Q&A No1

Q: I would like to know if there is a limit to the number of teams a sub consultant firm may participate on for this project/contract?

A: There is no limit. The following information is included in the original bid document regarding subcontracting:

The respondent must describe in their proposal, all responsibilities that the respondent anticipates assigning or subcontracting, identify all the subcontractors and also describe how the respondent will manage these subcontractors. The vendor will be held directly responsible and liable for the actions of all of its subcontractors and the actions of its subcontractors' employees.
