**Q&A No.1**

1. Do you happen to have a list of companies that have received the design documents? I would like to reach out to any contractor bidding the job and price the fields. **This is a sealed bid process and the bid documents are available on both [www.demandstar.com](http://www.demandstar.com) and [www.keysschools.com/competitivesolicitations](http://www.keysschools.com/competitivesolicitations) as such we do not have a list of vendors bidding the job and being a design build RFQ there are no design documents at this time.**
2. I was curious if you all are going to have a shock pad under the new synthetic turf to provide safer fields? **This is a design build RFQ so this information is not available at this time.**
