What prevents/stops you from attending parental involvement events and how can we make it possible for you to attend?

I try to attend as many functions as possible. Having the meetings available online works as well.

Transportation

Work prevents me. We have excellent communication and engagement and involvement with our child's teacher and think how she includes us is excellent.

Schedule

Evening time paired with dinner time and childcare get in the way of attendance. Childcare or something for kids to do at the school during the meeting would help. This gets in the way of me attending after a long day of working.

Notification is sent over very last minute, most often not until the day of the event. The school needs to remember that not every mom is a stay-at-home mom. Some of us have careers that are high paced and require advanced scheduling. Additionally, many also have children at the high school with that schedule to balance as well. Additionally, the new principal has yet to formally introduce herself to parents at any of the awards or events. We went from constant, fantastic communication to none at all. Very disappointed.

We cannot attend during the day because of work but it would be better at night. It is important.

Work. Only available in evenings.

Enviroment is uncomfortable, parents and teachers have clicks and only help thier own.
